- Alec is such an amazing TA.
- Alec was extremely enthusiastic about assisting us with the course. He was very patient and able to break down the material into very simple and understandable terms. Alec helped me a lot with course and played a huge role in my success in the CHE 106. He is definitely an asset for the department.
- Alec was so nice and really helpful during recitation! He was always able to answer my questions and explains things in the simplest ways possible

- Awesome TA!! Very helpful, and would definitely recommend.
- Great TA
- Great TA took time to make sure every student could understand what was going on. Really made it a point to ensure every student left knowing how to do the problems.
- He would always stay after the class hours ended and would help students with whatever they needed. Amazing TA.
- I didn't go to recitation so the above scores mean nothing
